

An Update from Event Director, Jim Helms

"For those that have been following us over the last couple of years, you may remember how we used the 23rd annual RidgeWalk & Run proceeds to help open the 9 Mile trail from the PA border to Wellsville, NY...know as the WAG.

Well I ran the trail today and crossed by numerous people using the trail for walking (with their furry friends), one other runner, and a mountain biker. Great feeling seeing what you helped support come to life! I have added photos of the bridges that you, as corporate partners and participants, helped build!"

Check out some great photos of the WAG Trail improvements. If you are unfamiliar with our previous efforts, visit http://www.ridgewalk.com/forms/WAG_DONATION.pdf
